

K1EWK05VV

INDUCTION PASS-THROUGH WOK + OPEN CABINET

PRODUCT DESCRIPTION

Stainless steel frame. Athermic thermoset plastic knobs.

Glass ceramic plate with a thickness suitable to transmit the heat.

Perfectly smooth glass ceramic surface for **easy cleaning**.

Remarkable time and power savings because of halved cooking times and energy consumption against traditional cooking systems. Continuous power control.

Possibility to work properly with **any kind of pots suitable for induction**: made of iron, cast iron or other ferromagnetic material.

Constant energy efficiency, even if utensils of different shapes are used.

A better work environment because of **lower heat losses**.

Increasing users' safety: only pots become hot while cooktops stay cold and the possibility to get burned is strongly reduced.

Height-adjustable stainless steel legs.

Accessories available **on demand**.

TECHNICAL SPECIFICATIONS

Width: 1100 mm

Depth: 450 mm

Height: 850 mm

Weight: 70 kg

Volume: 0.90 m³
