

# AL502

GLASS WASHER - BASKET 500 x 500 mm

## PRODUCT DESCRIPTION

### BEST-IN CLASS FLEXIBILITY

Stainless steel structure 18/10 AISI 304. Double-skinned balanced door.

Stainless-steel rotating arms for easy cleaning.

Temperature thermometer. Possibility to change the cycle parameters.

The programmable **THERMOLOCK** system ensures that the rinsing cycle starts only at the temperature of 85°C: the ideal temperature for strongly reducing the bacterial load.

Standard equipped with built-in rinse aid dispenser for the best drying results. **Standard equipped** with built-in connection for detergent dispenser.

**Standard equipped** with built-in connection for the drain pump. **Standard equipped** with built-in connection for the WiFi module.

Wide range of options available **on demand**. **Standard equipped** with a basket for glasses and a basket for plates.

Thanks to its bigger basket size, this model is characterized by high productivity and great flexibility: barmen will appreciate the possibility of washing bigger dishes.

Perfect for beer glasses and ice cream cups in high quantities, as they can be used immediately after washing, thanks to a specific cold final rinse.

Highly resistant and anti-scratch capacitive display, designed to bear with any modern kitchen stress.
